Meetings

The hotel's meetings and events space offers a signature attraction in its floor-to-ceiling windows. From high above, attendees can enjoy breathtaking views of the convergence of the mighty Yangtze and Jialing Rivers. The space pays a symbolic tribute to Chongqing as "the river city". This includes wave-shaped ceilings, a sunlight-reflecting crystal wall and champagne and emerald colored carpeting, which symbolizes the two rivers that define Chongqing.

Beyond offering spaces to suit any gathering, our meetings and events team provides seamless service from start to finish along with the know-how to make every business conference, company function and celebratory event a success. In addition, our Insider Collection offers a range of delegate experiences, which reflect the unique character of each destination.
