

## HOTEL INDIGO CLEVELAND DOWNTOWN

651 HURON ROAD E  
CLEVELAND, OHIO 44115

I am excited to share that the Hotel Indigo Cleveland Downtown is participating in a company-wide initiative with Pyramid Hotel Group to deliver safe, in-person meetings with a variety of options and solutions! The “Meeting Bubble” initiative follows local and CDC guidelines, implements company protocols and allows groups to book entire or half floors, instead of the typical full hotel buyout. Additionally, each individual hotel offers hybrid meeting through audio-visual capabilities as well as special perks, programming and incentives to facilitate safe meetings and events. “Providing a safe way for groups to connect in-person is a much-needed respite after a year of being online,” said Brian Berry, Executive Vice President of Commercial Strategy. “By allowing one group to have an entire floor to themselves and enjoy special perks such as hospitality suites, it provides an opportunity to safely work and collaborate together.
