

ALL DAY DINING

MENU

Dear Valued Guest,

We endeavour to use the best ingredients we can source and, where possible, we also establish the exact source of our fresh produce. Our meals are balanced and nutritious. We fry or sauté in minimal oil and our meats are trimmed of any fats before cooking. This includes previously regarded high fat items such as burgers. There are no animal oils used in any food preparation. Should you prefer any specific cooking method then do let your server know.

While we have a kids's menu available, we encourage your children to try smaller portions of any of the menu items.

Team Mosaic
