

KEEPING YOU **SAFE**

We've revised our operations procedures, from check-in to check out and have introduced new ways of keeping you, our guests, and our employees safe during these times.

Social Distancing

Please stay 2m/6ft apart. Check-in will be contactless and we ask you to take the stairs where possible.

Protective Screens

We've installed plastic screens at our reception and bar areas to help protect our guests and teams.

Sanitising Stations

Hand sanitiser stations are available at the hotel entrance and throughout.

Face coverings

Face coverings should be worn at all times, except while seated at a table or in your room.

Food & Drink

Breakfast will be served as a Grab & Go option and food/drinks can be ordered at the bar and taken to your room.
