TIPS TO ENHANCE YOUR WELLNESS EXPERIENCE

This is the first time I am having a Spa therapy. Will someone help me choose the most appropriate treatment(s)?

Any of our Spa team members will be happy to discuss our range of therapies with you. We will help you meet your objective which could be to detoxify, energize, improve skin clarity, improve skin tone and/or just relax. Towards this objective we offer you a wide selection of therapies from around the world delivered to you in our classic style of care and empathy.

Can I have multiple Spa therapies in a day?

Yes! Many Spa therapies complement each other and work very well to produce distinct results. Please feel free to ask any member of our Spa team to tell you how best to combine these therapies for optimal results.

What if I have any health concerns?

Kindly notify our Spa team at the time of making your Spa reservation, else, just prior to your treatment. Please note it is extremely important to inform to our team, if you are pregnant, suffer from cardiovascular disorders such as cardiac ailments or high blood pressure, have recently undergone surgery, have any implant in the body or are suffering from skin diseases.

When should I eat before my Spa therapy?

Since most Spa therapies improve blood circulation and use pressure techniques we advise against eating a heavy meal at least two hours before your treatment. A light snack is appropriate if you are hungry. We do not recommend any intake of alcohol before any Spa therapy.

What type of skin care products will you use in my Spa therapy?

We have taken great caution to ensure that all of our products are gentle on your skin. Where possible we use marine and plant based products that are tested for safety and are hypoallergenic. Considering the varying skin types we offer different ranges of national and international products to meet specific objectives.

What should I wear during my visit to the Spa?

You may arrive in your formal/casual wear, since all of our luxurious treatment rooms are equipped with changing facilities. We shall offer you the appropriate disposable undergarments and other apparel while enjoying our Spa therapies.

Appropriate swimming gear is a must to use our wet facilities.

Appropriate gym attire (dress and shoes) is a must to use fitness center facilities.

What should I wear during my treatments?

Since we respect your modesty and privacy we will always provide you with disposable undergarments where necessary. Please be assured that except the areas of your body that are involved in the therapy, the rest shall be draped at all times.

What is the minimum age required to be able to enjoy Spa experience?

Guests who are 18 years of age and above are permitted to experience Spa therapies, Fitness Center and wet facilities.

How early should I arrive for my treatment?

We recommend that you arrive fifteen minutes before your appointment time to give you sufficient time to relax and to complete a health status questionnaire.

What if I am running late for my Spa appointment?

If you are running late for your treatment, we will still endeavor to give the best possible experience by shortening your therapy so as to be completed by the designated time booked by you. This is to ensure that the next guest is not delayed or inconvenienced. Please note that since we had booked the specific time slot just for you we will charge the full price of that particular Spa therapy.

What do I do if I need to cancel my Spa treatment?

Any Spa therapy appointment that is cancelled without a minimum of four hours notice or an un-informed “no show” will incur a charge equal to 100% of the value of the therapy/therapies booked. If a four hour notice is provided then a cancellation fee equivalent to 50% of the spa therapies fee will be charged to you.

How can I pay for the therapies that I have reserved?

We accept cash, all major credit cards-debit cards and our gift vouchers.

Should I pay tips/gratuity?

Gratuity is a reflection of your level of satisfaction with our services and hence all gratuities are left solely to your discretion.

Is there anything else I should know, so that I have the best Spa Experience?

By making a reservation with us, you have paid for time to relax and rejuvenate. To get maximum value out of it, you may please inform our therapist on how to improve your comforts further. Like, addressing the temperature settings, music volume, and extent of pressure applied etc. We discourage the use of electronic devices; including mobile telephones in our Spa area, as this not only distracts you from your experience, but also interrupts other guests from enjoying their experience.

Are Gift Certificates and packages available?

Please feel free to speak to our team members who will be glad to assist you in choosing the packages and gift certificates most suitable to your needs.
