

FLEXIBLE MEETING SPACE IN ROSEMONT

Whether you're planning a family gathering or a professional workshop, our venue offers everything you need to create a successful event. Our adaptable meeting spaces (Terminal 1, 2, and 3) can be configured into three separate rooms, or can be combined into one large space. The Control Tower is our smaller, more intimate space that is perfect for board meetings and breakout sessions. Choose from a variety of hors d'oeuvres, soups, salads, entrées, and desserts. Our menu has something to satisfy every guest.
