THE BACKSTORY

We believe that cocktails, like songs, hold memories.

A sip can take you back - to a summer evening, a smoky bar, a stolen moment. Some flavors remind you of joy, others of longing. Some feel like falling in love, others like the last note of a song that ends too soon.

In this menu, every drink is a tribute to music - not just to the artists and titles that inspired them, but to the emotional landscapes they've shaped.

From the thunder of rock to the tenderness of a ballad, from dreamy synths to smoky jazz riffs, these cocktails echo melodies we can't forget.

Each composition has been crafted with the same intention as a great track: to move you. We've translated rhythm into texture, harmony into balance, voice into flavor.

Behind the music lies intention - and responsibility.

These drinks are rooted in local ingredients, shaped by the region's flavors and cultures, and prepared using sustainable methods. We reuse kitchen trimmings, upcycle bar waste, and even incorporate select surplus from the hotel's restaurants - turning what's left behind into something memorable.

Some drinks are bold and rebellious. Others are quiet and comforting.

Some invite you to dance. Others to sit in silence.

This is your soundtrack - choose your track, raise your glass, and let the music pour.
