OUR RESORT

Famed architect Bill Bensley has woven his magic throughout every space at InterContinental Danang. The result is a design masterpiece that cascades down four levels through a rainforested slope to a 700-m private beach – all linked by a funicular train. Celebrate, dine and be entertained. Seductive tastes and magnificent views intoxicate your senses. Climb spiral staircases, hide away in intimate niches, or gaze at the stars as you lounge around a beach bonfire. Let our team create the perfect group event for you – and your attendees.

"Spread over a private cove on Danang's Sun Peninsula, the resort is a dream... built vertically up a lush cliff, [it] gives virtually every room unobstructed views of the private beach."
