MEETINGS & EVENTS

HERITAGE

Following a multi-million dollar redesign, the InterContinental New York Barclay welcomes guests in refined residential style hearkening back to its exclusive origin. The Barclay was built in 1926 as part of Grand Central's urban design plan which launched Manhattan's midtown east renaissance. With a fashionable yet homelike atmosphere and distinguished Federalist décor, the hotel quickly became the place to be among the New York social register set. Today's business and leisure travelers, movie stars, political figures, diplomats and United States Presidents relish the hotel's warm ambiance, prime location and dignified world-class service.

LIMITLESS LUXURY

Our facilities feature 702 well-appointed guest rooms and suites, including our Presidential Suite and Harold S. Vanderbilt Penthouse Suite. Nine function rooms, including a 5,000-square-foot Grand Ballroom, 3,500-square-foot Empire Ballroom and 4,500-square-foot pre-function area, total nearly 20,000-square-feet of meeting and event space. The Barclay is the ideal location for corporate gatherings, board meetings, conferences and the city's most distinctive weddings and social events for 20 for 450 guests.

You can count on white glove support throughout your entire planning process. From booking to staging, our sophisticated international team of event experts will customize every detail, delivering seamless, stress-free events that exceed all expectations.

LOCALE

The Barclay is located in the heart of midtown Manhattan's East Side just off Park Avenue and within steps of Madison Avenue, Fifth Avenue shopping, dining, Broadway theaters, museums, Rockefeller Center, Times Square, Central Park and the United Nations.

RESPONSIBLE BUSINESS

The Barclay practices the principles of the Triple Bottom Line: economic prosperity, social responsibility and environmental protection. Our sustainability strategy aligns with the United Nations 2030 Agenda for Sustainable development. Using the 17 Sustainable Development Goals as a platform, we aim to become the benchmark of the hospitality industry. Nearly all food offered at the hotel is organic, seasonal, natural or local. The Barclay's waste management program is one of its many initiatives aimed at reducing its carbon footprint, including recycling, composting and reduced paper consumption. Hotel lighting is achieved with Light Emitting Diodes (LED).
