

HI FROM MR LYAN & FRIENDS!

WELCOME TO SUPER LYAN,

We love things that help bring people together – especially so in an increasingly chaotic world, and things have been extra chaotic of late! There's a magic to catching up over a cocktail (boozeless or otherwise) or a beer or wine, so we've compiled some of our favourites, and created a space that's comfortable and fun to help you get together with your friends. And our mission is to find alternative versions to what you may be familiar with – but they're versions that are still ace everyday.

At Super Lyan we like to take the familiar, and find a way to explode it out into something new, honest and crucially, delicious. Our menu continually evolves, and we are always on hand to make a suggestion and maybe even help you find a new favourite something.
