EXPLORE NEARBY

Qiandao Lake scenic area is 129 kilometers away from Hangzhou in the east and 130 kilometers away from Huangshan in the west. It is a shining pearl on the golden tourist line of "Hangzhou - Qiandao Lake - Huangshan". Qiandao Lake is located in the center of Zhejiang, Jiangxi and Anhui regional tourism complex, and many large cities in the region can easily get to the Thousand Island Lake. Voco Thousand Island Lake is located amidst the islands of Qiandao Lake and is adjacent to the Pearl Sightseeing park Tianyu Mountain with 300 meters above

sea level and 270 degrees view. As it is located in the highest point of the city, like a pearl embedded in the mountaintop and so named. Qiandao Lake Xiushui Square, 1.4 kilometers away from the hotel, is a comprehensive square integrating fitness, mass entertainment and cultural display functions with leisure. It is a public space for citizens and tourists to have fun and keep fit. At night, the square seems to incarnate another gorgeous world when the lights turn on.
