EMBRACING GREEN HOSPITALITY TOGETHER AT VOCO PODGORICA

We take pride in being part of IHG Green Engage and being Green Key certified, demonstrating our commitment to sustainability. We are dedicated to managing our environmental impact seriously by implementing eco-friendly practices and reducing waste. Our initiatives include energy-efficient lighting, water conservation, and sourcing local, sustainable products. Join us in our green mission and help make a positive impact on the planet. Together, we can create a greener, more sustainable future for everyone.

Here's how we embrace sustainability and how you can join our green mission:

Water-Saving Initiatives

Pure & Reusable: Sip on filtered water from our reusable glass bottles. In addition to replacing plastic water bottles with large glass ones, we've also switched to biodegradable straws.

Smart Showers: We've optimized water pressure to save our precious resources.

Waste Management Solutions

Reduce, Reuse, Recycle: We actively manage waste to minimize our environmental impact.

Straw Revolution: Enjoy eco-friendly paper straws as we avoid creating additional waste.

Recycle Right: Use our hallway bins to separate waste and help protect the planet.

Sustainable Luxury

Eco-Linen: Rest easy on linens made from 100% recycled materials.

Thoughtful Linen & Towels: We change linen every third day to conserve resources. Let us know if you prefer not to change them to help us save the planet. Planet-friendly ingredients: Pamper yourself with plant-based, cruelty-free cosmetics.
