The finishing touches

MAKING YOUR DAY EXTRA SPECIAL

Your day, your way

We understand that your wedding day is unique and while we have packages to make your life easier, if you want to create something truly bespoke, that's fine too. We're here to make sure your day is exactly as you imagine it, from the moment you walk down the aisle to the last dance. Simply speak with your Wedding Co-ordinator who will be happy to discuss exactly what you want to bring your dream day to life.

Let love blossom

Flowers play an important part in any wedding; they set the tone for a celebration, carry your chosen theme and help create a beautiful setting. For many couples, knowing where to start when it comes to choosing your wedding flowers can be difficult. So, before you head out for your first florist consultation, speak with our wedding planner for advice and local florist recommendations.

It's in the detail

It's often the little things that make your wedding unique, which is why we offer the flexibility to add your own creative touch to your day. For example, add colour to your wedding décor with bold and beautiful coloured chair sashes, available in assorted colours. We have built great relationships with professional and trustworthy photographers, bands and DJs, or you're welcome to bring your own.

At the end of the night, our team will safely store away any belongings you wish to keep from your wedding reception overnight, for your collection the next day. Things which make great memories from your special day.

Just ask your Wedding Co-ordinator how we can make your day that little bit more you.
